

I'm not robot!

The Florida Board of Professional Engineers is responsible for implementing Chapter 471 of the Florida Statutes, which states that the Legislature deems it necessary in the interest of public health and safety to regulate the practice of engineering in this state. In responding to this statutory mandate, the Florida Board of Professional Engineers works diligently to ensure that licensees are competent and, in fact, do not pose a danger to the public. One aspect of implementing the law involves the evaluation of a candidate's ability and knowledge of professional engineering. This evaluation is accomplished through the review of an applicant's education and experience, and requires passage of the national examination developed by the National Council of Examiners for Engineering and Surveying (NCEES). In addition, the Legislature has mandated that all Professional Engineers practicing in Florida be knowledgeable regarding the laws and rules that govern the practice of engineering in Florida. The Board implements this requirement through completion of this FBPE Study Guide on Florida's Laws and Rules. The Study Guide consists of a written text that thoroughly reviews Chapter 471, Florida Statutes, and Chapter 61G15, Florida Administrative Code. You may print out the Study Guide (see Study Guide PDF tab); however, the Study Guide is to be completed online. Completion of the Study Guide does not count toward continuing education requirements for Professional Engineers licensed in Florida. You are required to submit the Study Guide as a part of the application process. An application file will not be considered complete unless the Study Guide is submitted. In accordance with Rule 61G15-20.0016, F.A.C., an applicant must achieve a minimum score of 90 percent on the Study Guide. You may stay online as long as you want, or you may go online and offline as frequently as you want. Once you answer the last question, you will be able to submit your quiz for grading, and your score will be sent directly to your file at the FBPE office. You have unlimited attempts to pass the Study Guide. However, following 15 attempts, you will be prohibited from logging in. You will need to have FBPE staff reset your account to allow further attempts. This Study Guide serves as an excellent resource for information on the Florida Engineering Practice Act and the rules promulgated by the Florida Board of Professional Engineers. Successfully completing the Study Guide will ensure you have the knowledge necessary to comply with regulations as you begin your engineering practice in Florida. Upon completion of the Study Guide, the applicant will have an understanding of: The history of the Florida Board of Professional Engineers, the requirements for service on the Board, and the current Board membership; The history of the Florida Engineers Management Corporation; The laws and rules that are the basis for regulation of the profession, and the definitions that are key to their understanding; The licensure of engineers to include who is exempt from licensure, pathways to licensure, and the requirements of the different pathways; The requirements to maintain the license, and the various states of licensure; The requirements relating to signing, dating, and sealing engineering documents, as well as the proper process for adopting the work of another engineer as that of your own; The Responsibility Rules, as well as definitions key to their understanding; and; The disciplinary process when the laws and rules are violated, including a review of the acts that constitute grounds for disciplinary action, and the penalties that may be imposed. You're Reading a Free Preview Page 2 is not shown in this preview. Florida Professional Engineer license numbers have been issued for those who passed the April 2019 Principles & Practice of Engineering exam, and licenses, along with a wallet cards, can now be printed from an electronic file. To do this, you will first need to locate your PE license number. Visit myfloridalicense.com, click the yellow "Verify a License" button and search for your name. Make note of the license number that appears by your name in the results. (Some new licensees may not see their PE license number appear. If you are one of those, please call the PE Desk at (850) 521-0500, ext. 115 so that we can resolve the problem.) Next, you must create an account at myfloridalicense.com, then link your license to that account. Refer to the appropriate steps on the PE License Renewal: Step-by-Step page on our website. (We strongly recommend that you use a personal email address when you create your account, so that you will have access to it should you change jobs. You will be able to add a business email address later to your license information. Also, keep the answer to your secret question simple and one word, then store it in a secure location.) Once you have linked your PE license, you can request a PDF of your license and wallet card following the steps on our website. The PDF will be generated and emailed to you within 30 minutes. In addition, a wall certificate will be mailed to new PEs within two to three weeks. If you have any questions, please call the FBPE office at (850) 521-0500 for assistance. The requested URL was not found on this server. Additionally, a 404 Not Found error was encountered while trying to use an ErrorDocument to handle the request. Apache/2.4.41 (Ubuntu) Server at sourcing.gftn.panda.org Port 443 Why not study with NCEES? You'll have the advantage of using exam preparation materials developed by the same people who create the exam. Practice exams NCEES practice exams help you determine what you know—and what you don't know—before taking the exam. NCEES practice exams Contain questions from past exams Simulate the format, style, and level of difficulty Provide solutions or feedback on performance in each topic area Supplied-reference handbooks Reviewing the appropriate supplied-reference handbook before exam day helps you become familiar with the charts, formulas, tables, and other reference information provided. Use the button below to explore NCEES exam prep materials by exam type and discipline. Free PDF downloads and exam prep purchases are made via your MyNCEES account. CBT exams include traditional multiple-choice questions as well as alternative item types (AITS). AITS include but are not limited to the following: Multiple correct—allows examinees to select multiple answers Point and click—requires examinees to click on part of a graphic to answer Drag and drop—requires examinees to click on and drag items to match, sort, rank, or label Fill in the blank—provides a space for examinees to enter a response to the question AITS are incorporated into the practice exams for CBT exams. You can also review the general format of AITS in the Pearson VUE computer-based testing demo. Printed practice exams may be returned to NCEES in unused condition within 30 days of the date you receive them. Please explain the reason for the return. Shipping charges will not be reimbursed. If you received an incorrect or damaged item, NCEES will refund the full price or send you a replacement for the item.
